## Productions :

Documentary film Production work was TVQSL 1st Project mandate in 2007. It began when Buddhist Library Singapore engaged and commissioned Director Ng Wei Chin to make donors a simple presentation on their Asia 2004 Tsunami Rebuilding Sri Lanka Hambantota Charity Work. (<https://youtu.be/MqiQD3hTX0E>) It took about 1 year from 2006, that the final cut was presented and distributed to donors who supported in the aid. Since then, later film production works continued with meditation related talks and dhamma propagation video. Despite local organizations lacking in support and understanding to media & creativity, TVQS continued in the background work for more than 14 years since 2005.

TVQSL intends to utilize creative production for educational works such as Health Literacy, and Light a Little Light programs. Asian Chinese Language is the doorway to the unknown treasures of cultural wisdom, rich philosophies and moral attitudes, experienced and practiced by Chinese ancestors, documented in concise and vivid words. Singapore used to have a strong foundation in bilingualism with proficiency in Mandarin while maintaining English as our working language. The Asian heritage can be further shared with non-native and non-Chinese who may become future experts of our neglected and misunderstood mother tongue.

TVQS Channel has more than 33.5K subscribers as of 25 May 2023. The channel is monetized via Youtube from 4 May 2019. It has over 11 Million youtube views, and over 50 million views worldwide on other platforms. In 2021 Oct 16-18 TVQS participated at Parliament of World Religions presenting Five Elements Movement. The work completed in late Feb 2022 and is put on Vimeo.

Since Covid started 2020, TVQS has produced 3 videos on meditation guidance, 2020 & 2024

## Old But Wiser

“Old But Wiser” or “老人悟” started in 2013, before the announcement of Singapore Pioneer Generation Card privileges. It held its first English forum “Elderly happiness and dignity” in 2014 Jan at NLB with a 3 week Film Photo exhibition on Singapore Street Elderly. The exhibition expanded in 2015 Dec with art painters joining with their expression on the theme at Fortcanning Foothills, Nila and Utama Galeri, and held a 3rd exhibition cum workshop at TTSH atrium in Feb 2015.

Chinese Forum 《老不沉重》 June 2015 and 《老不得空》 Feb 2017 received affirmative support and recognition by the local Chinese speaking audience. OBW guest performer Mdm Elaine Wu 巫漪丽 piano concerto on 《梁祝》 won international fame and recognition, and The Very Quiet Studio Limited was mentioned by local Channel 8 interview and international CCTV-1& CCTV-3. We explored further collaboration with younger generation in English Forum “Space for our mental well being” Feb 2015 through indian dance re-expression with St Anthony Canossian Convent. March 2018 we created a new work Indian Raga Music & dance “Four Elements Movement” and debut at TTSH atrium well received by caregivers, patients, staff and passerby.

In 2019 October, we held two interfaith forums on World Mental Health Day. Our Guest of honor was Senior Minister of State for MCCY & MCI, Ms Sim Ann.

## Sound Sañña

Sound Sañña is TVQSL 3rd project that began in 2008 Dec. As an ardent lover to good stories and asian cultural wisdom hidden and embedded in literary works, Sound Sañña sets to identify and sieve out the noble minerals hidden in the cracks of rocks. Asian stories as the main focus but enhanced through cinematic audio and story choreographed music, through the sound recording of exceptional good voice. The inaugural CD was launched in Salt Lake City, Utah USA at World Parliament of Religions Oct 2015 and a paper on the concept was well received at World People's Organization "International Conference on Spirituality & Psychology" at Bangkok March 2016. The next collection of stories shall be in Chinese to be targeted at wider international audience but we are still seeking funds <https://youtu.be/XFABXceZ35I>
